| 1 1 1 3  |              |
| 8. a. Implementation of all planned                                    | 10 Point(s)  |
| conservation practices within three years of                           | ` '          |
| contract obligation?   |              |
| 8. b. Improvement of existing conservation                             | 10 Point(s)  |
| practices or conservation systems already in                           |              |
| place at the time the application is accepted,                         |              |
| or will complete an existing conservation                              |              |
| system?  |              |
| Does the applicant meet the following conditions:                      |              |
| Does the approant meet the following conditions.                       |              |
| 9. a. If the applicant has an existing EQIP                            | 10 Point(s)  |
| contract, has it been, and is it now, on                               | 1010111(3)   |
|  |              |
| schedule and in full compliance?                                       | 5 Doint(a)   |
| 9. b. Did the applicant successfully complete                          | 5 Point(s)   |
| any past contract(s) in full compliance?                               |              |
|  |              |

| I | 9. c. Is this the applicant's first EQIP | 5 Point(s) |
|---|--|------------|
|   | application?                             |            |

#### **State Issues Addressed**

| Issue Questions                                     | Responses    |
|---|--------------|
| 1. Grazing #1 - This land is within a NMED          | 45 Point(s)  |
| priority watershed? 45 Points                       |              |
| 2. Grazing #2 - Treatment of this land will         | 45 Point(s)  |
| enhance the benefits of an approved, active or      |              |
| recently completed section 319 project? 45 Points   |              |
|   |              |
| 3. Grazing #3 - Applicant agrees to implement a     | 50 Point(s)  |
| grazing resource management system. 50 Points       |              |
| 4. Grazing #4 - Habitat for a species of concern    | 45 Point(s)  |
| species will be protected/enhanced? 45 Points       | 43 1 Olli(3) |
| species will be protected/elinanced: 43 f offits    |              |
| 5. Grazing #5 - Noxious weeds (NMDA class A,        | 45 Point(s)  |
| B, or C) are present and will be treated? 45 Points |              |
|   |              |
| 6. Grazing #6 - Applicant had a prior contract      | 20 Point(s)  |
| which was implemented on schedule and is            |              |
| providing satisfactory O&M for contracted           |              |
| practices. 20 Points                                |              |
| Local Tannas Addusasad                              |              |

| Water Quantity: Rangeland Hydrologic Cycle                      | Fence                                    |
| Water Quantity: Rangeland Hydrologic Cycle                      | Forest Slash Treatment                   |
| Water Quantity: Rangeland Hydrologic Cycle                      | Forest Stand Improvement                 |
| Water Quantity: Rangeland Hydrologic Cycle                      | Grade Stabilization Structure            |
| Water Quantity: Rangeland Hydrologic Cycle                      | Herbaceous Wind Barriers                 |
| Water Quantity: Rangeland Hydrologic Cycle                      | Pest Management                          |
| Water Quantity: Rangeland Hydrologic Cycle                      | Pipeline                                 |
| Water Quantity: Rangeland Hydrologic Cycle                      | Pond                                     |
| Water Quantity: Rangeland Hydrologic Cycle                      | Prescribed Burning                       |
| Water Quantity: Rangeland Hydrologic Cycle                      | Prescribed Grazing                       |
| Water Quantity: Rangeland Hydrologic Cycle                      | Pumping Plant                            |
| Water Quantity: Rangeland Hydrologic Cycle                      | Range Planting                           |
| Water Quantity: Rangeland Hydrologic Cycle                      | Restoration and Management of Rare and D |
| Water Quantity: Rangeland Hydrologic Cycle                      | Sediment Basin                           |
| Water Quantity: Rangeland Hydrologic Cycle                      | Spring Development                       |
| Water Quantity: Rangeland Hydrologic Cycle                      | Stream Habitat Improvement and Managemen |
| Water Quantity: Rangeland Hydrologic Cycle                      | Streambank and Shoreline Protection      |
| Water Quantity: Rangeland Hydrologic Cycle                      | Structure for Water Control              |
| Water Quantity: Rangeland Hydrologic Cycle                      | Tree/Shrub Establishment                 |
| Water Quantity: Rangeland Hydrologic Cycle                      | Upland Wildlife Habitat Management       |
| Water Quantity: Rangeland Hydrologic Cycle                      | Water Well                               |
| Water Quantity: Rangeland Hydrologic Cycle                      | Watering Facility                        |
